Mr. John Davis,

Schenectady, N. Y.

Dear John:

I am writing to tell you I have contacted the party I spoke to you about and have been assured that the ball players will be able to secure work in Defense Plants at the end of the season, if their draft classification is satisfactory, that is 1 A and 1B men will not be accepted. The employers do not care to go to the risk and expense of training them for work and then lose them to the Army. Answer me right away what your classification is, and if you would still be interested in coming.

If you are coming, I would like to have you here for this week-end series, if possible.

Very truly yours,

EM:CCJ

P. S. Mrs. Jacobs says she is working on your Birth Certificate.
